A Message From
Our Supreme President
Michael Fraga

Dear PFSA Members and Families,

I am happy to share that my PFSA Presidency is off to a wonderful start.

I had the pleasure of attending my first official visits in December, along with Steven Fraga our Supreme Youth President, we visited San Leandro council # 24. We arrived at the Band Hall in San Leandro, where we joined John Neto President, and Carol Cromwell Secretary of the council. They organized a nice event and a great evening to follow. The PFSA Scholarship Committee was present and gave a special award to Isolete Gracio for her years of service and for helping to build the Scholarship Fund. I want to thank the council for their visit and for their donation to the Family House Charity.

The next day we arrived for lunch at JR Restaurant and Sport Lounge in Castro Valley, for the visit with Council #12 Oakland. We got together with Jackie Flynn, President of the council and Lilianna Lourenco the Secretary. We had a delicious lunch and great fraternalism. They had a Toy drive to support their local charity, it was a great success, and everyone that attended brought an unwrapped toy. This is a great way to support your local communities. We want to thank the council for the visit and their donation to the Family House. Unfortunately, our Supreme 20-30s President Joseph Pinheiro was not able to join us. We will look forward to seeing him on our next visit.

My goal for the coming year is to help current councils continue their commitment to PFSA, and to help them be successful. I also want to help inactive councils find a way to move forward. It is my belief, the only way this can happen is for all of us to work together and to help one another. We all need to reach out to neighboring councils and support them, remembering we are one big family. I look forward to hearing your suggestions as to how your Supreme Presidents, myself, Joseph, and Steven can help our society to grow and prosper.

The charity we chose this year is the Family House of San Francisco, I personally have benefited from their support when my son Steven was going through cancer treatments, this was a very stressful time for the whole family. Family House was always there for us. It is our hope that they can continue to be there for other families in the future. Since 1981, Family House has served as a temporary home away from home for families of children with cancer and other life-threatening illnesses by providing physical comfort and emotional support. By providing cost-free housing. Family House makes housing accessible to all by eliminating the financial barriers associated with travel and long stays away from home.

Wishing you all an amazing year ahead and looking forward to seeing you soon.

Sincerely Yours,

Michael C Fraga

What They Do

In addition to housing, Family House provides a caring community of staff, volunteers, and donor partners who enable families to live in comfort and dignity during the most difficult time of their lives. All of their services are provided 100% free of cost, thanks to generous donor support. VOLUNTEERS allow to extend each dollar donated. Each year, 4000+ volunteers contribute more than 11,000 service hours, allowing Family House to operate with a small staff.

Who They Serve

Children undergoing treatment at UCSF Benioff Children's Hospital for cancer or other life-threatening illnesses and live 50+ miles from San Francisco. All families are referred by pediatric social workers.
80 families per night ....
More than 4,000 families per year .....
60% of families live at or below low-income status.

Family-Centered Care

Families from all over the country and world seek out UCSF Benioff Children's Hospital for life-saving treatment and access to clinical trials.
By providing cost-free housing, Family House makes treatment accessible to all by eliminating the financial barriers associated with travel and long stays away from home.

Family House is not funded by the hospital though their partnership supports a mutual goal of providing family-centered care.

Since 1981, Family House has served as a temporary home away from home for families of children with cancer and other life-threatening illnesses by providing physical comfort & emotional support, free from financial concern.

FAMILY HOUSE

A note from Michael

The Nancy & Stephen Grand

Family House San Francisco

"Keeping Families Together"

In 2019 my son, Steven, was diagnosed with Non-Hodgkin's Lymphoma which led to a referral to UCSF Benioff Children's Hospital for treatments. The hospital works in conjunction with Family House located a couple blocks from UCSF. While Steven was undergoing treatments, Family House was able to help us with a place to stay, offering a private room and food. They also have common areas shared with other patient families for food preparation and activities for the children. When you enter Family House you are welcomed with a smile, a caring heart, a listening ear and a magical way of making you feel welcomed. Steven and I have chosen this charity to increase awareness in support to the Nancy & Stephen Grand Family House San Francisco. We are grateful and feel it's not the amount you donate rather it's the act of giving and the impact it will make on others that really matters.

Fraternally yours,

Michael Fraga,
PFSA Supreme President

How You Can Help

Your Gift Will Provide Care and Comfort

Family House is an independent organization led by professional staff and board of directors dedicated to providing residential services free-of-charge to qualifying families. Since no financial support is received from UCSF, or any other public entity, they rely solely on the generous contributions of individuals, corporations and foundations. Each gift of $150 provides one night of care and comfort for a family with a sick child. Donations of any amount are much appreciated and needed.

Thank you for your support to
